ABOUT

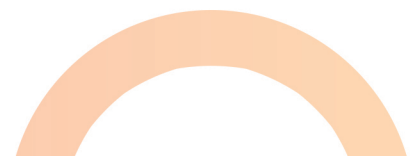

INKAN POWER

INKAN Power is a diversified Saudi conglomerate committed to driving industrial innovation and economic localization in line with the Kingdom's Vision 2030. Established with a mission to strengthen Saudi Arabia's industrial foundation, INKAN supports sustainable growth through strategic partnerships, advanced technology, and localized manufacturing excellence.

Inkan Power is a subsidiary company from Inkan Holding (Kingdom of Saudi Arabia) and with our technical partner LS Electric (Republic of Korea), Inkan Power was established to contribute to the Kingdom's vision of industrial localization and energy sector advancement.

With a legacy of innovation, INKAN continuously invests in sectors that empower national industries, create job opportunities, and contribute to the Kingdom's self-sufficiency goals.

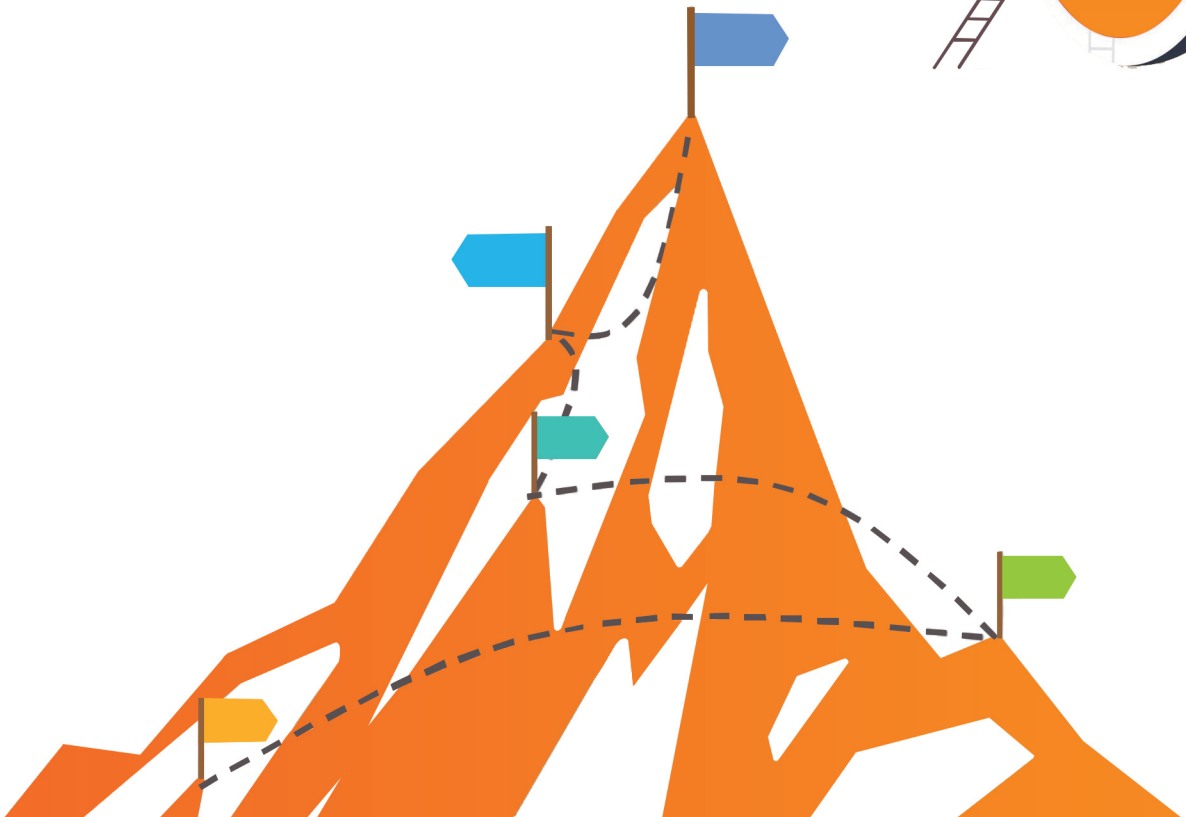

OUR VISION

To be a leading Saudi industrial group fostering sustainable growth, technology transfer, and industrial excellence.

OUR MISSION

To accelerate the Kingdom's industrial transformation by investing in high-value sectors, promoting local manufacturing, and empowering human capital to achieve long-term national prosperity.

STRATEGIC OBJECTIVES

- Strengthen local manufacturing capabilities.

- Promote industrial localization and technology transfer.

- Foster partnerships with global industry leaders.

- Support Vision 2030 through diversification and innovation.

- Enhance workforce skills through Saudization and training initiatives.

• INTEGRITY

We uphold transparency and ethics in every partnership.

• INNOVATION

We embrace technology to deliver smarter industrial solutions.

• SUSTAINABILITY

We prioritize environmental responsibility and long-term growth.

• EXCELLENCE

We set high standards to ensure quality and performance.

• COLLABORATION

We build meaningful partnerships that create shared success.

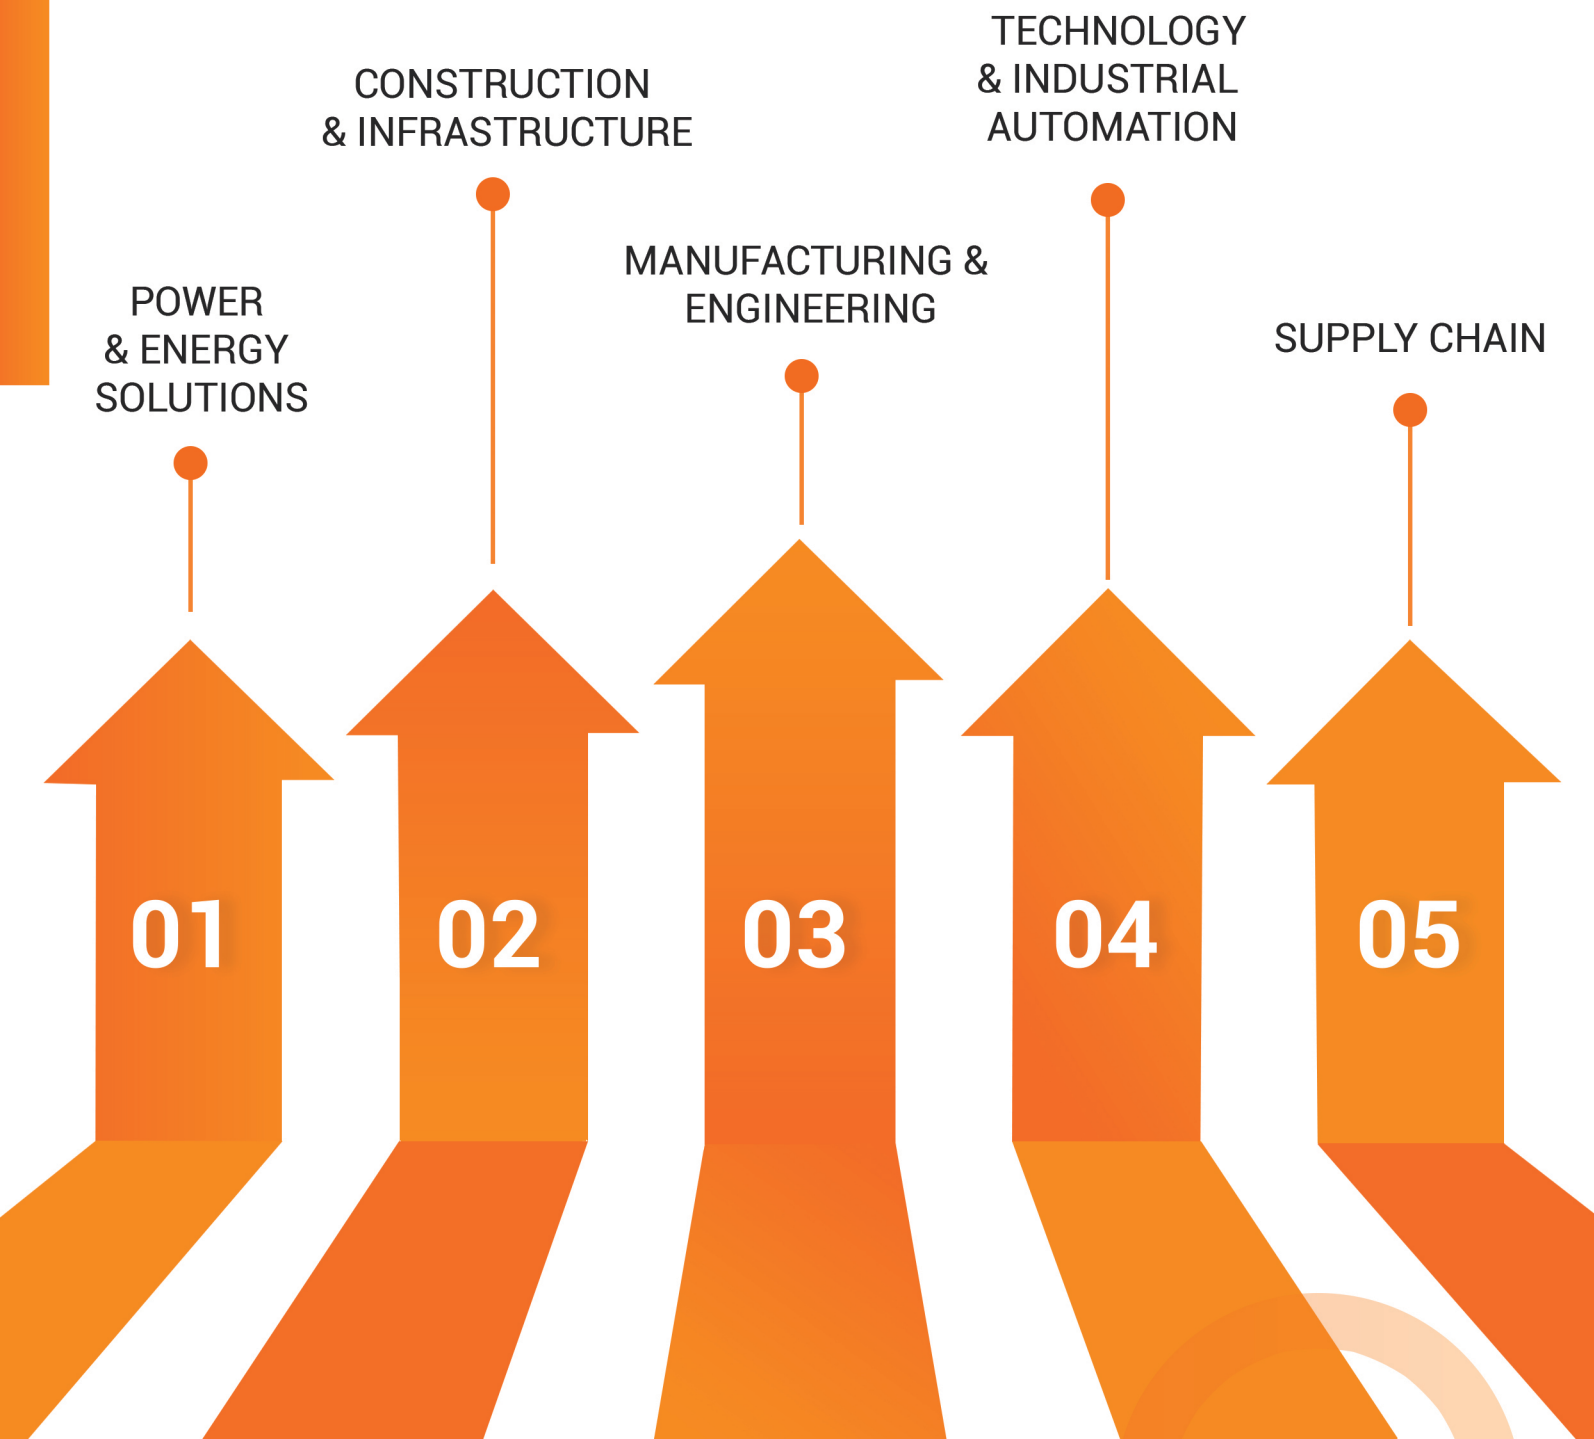

CORE VALUES

5
